### Creating a Unified Movement

#### Rebuilding from the Chapter

- Reform our Order's communication structure to make the Grand Board more easily accessible for chapter counterparts
- Make the new Stand UP website a chapter priority to engage new members interested in community service
- Work with Grand Board to develop resources for chapter counterparts to enhance programming, improve membership and increase funds

#### Ensuring Future Regional Success

- Strengthen the execs body and regional boards across the globe through more in depth communication efforts
- Improve not only chapter spirit, but also regional unity through an AZAA and Brotherhood Summit by hub

#### Improving Communication Structure for our Order

- Defined objectives will allow our International Leadership Network to reach its potential
- Initiate a plan for the establishment of European conventions to unify our global movement
- Create 20 new chapters worldwide in our current regions and in new ones

#### Our Grand Vision

My Brother Alephs,

After almost 90 years, our order has become the largest Jewish youth movement in the world, but we're not finished. Today we write the first page of our next chapter in the eternal book of the Jewish people. This is our time to unite Jews to build a worldwide network. This year is about growth, this year is about success and this year is about becoming the leaders responsible for optimizing our impact. I am confident that I can lead us in this effort.

Fraternally Submitted with Undying Love for Nordauian AZA #22, Mid-America Region, and the future of the Jewish people, I remain
