Speech

Hi, I'm Justin DePriest and as you can see I am running for the position of Aleph Sopher. I would like to present to all of you what my plans are for our chapter newspaper. Barack Obama said it's time for a change, so I would like to present to you a few of my changes for our chapter newspaper. My idea for the newspaper is to create three new sections. One section will feature facts about Jewish History, where you can read and learn about famous Jewish people, important events in Israel and facts about Jewish holidays. The reason I feel we should have a Jewish history section in our newspaper is because it will help us all become educated about the accomplishments of Jewish people.

Another section will include Fisher sports, to keep us updated on chapter sports and to raise our Fisher spirit. For example, the section might show updates on Fisher's basketball scores and team interviews.

The last new section, I hope to add, will present tips for surviving high school life and advice for school on any problems you might have. One member of our chapter will be chosen weekly to offer helpful hints on how to get through social life in High School.

To close this speech, I will say that I hope to make our newspaper show those in Fisher and other AZA chapters how Fisher is special and unique in many ways. I hope to be Aleph Sopher so that any boy wanting to join a chapter can look at our newspaper and see how GRRREAAAAT our chapter really is. If elected as Aleph Sopher, I will not give up my on my mission to make our newspaper even better. Thank you and I am proud to be

Fishermen.
