Achievements

- Accomplished writer- Top of English Class
- High achieving student (4.0 GPA)
- Computer Savvy- I work on the computer frequently and I can use it very efficiently

Goals

- As Aleph Sopher, I would like to continue to have the Fisher Scoop be one of the premier chapter newspapers in the Michigan Region.
- I would also like to increase the number of topics so that the paper has diverse content that appeals to all members of the chapter.
- I would also like to increase the number of writers for the newspaper so that each article has its own voice. (Preferably have every member of the chapter write at least one article throughout the year.)
- I would like to work with the other Aleph Sopher so that we are not splitting up the work and not going separate ways, but dividing the work and doing some of it together so that the product is not just set up how one person thinks it should be.
- Meet with the other Aleph Sopher frequently so as to stay on track and have the newspaper published on time.
- Produce several newspapers during the so year, so there isn't a big break between issues.
- Take polls to find out what people want in the Fisher Scoop so it can be improved and changed to what people want to read.
- Change formats every so often to change things up and keep people interested.
