*Running in right now to become a great Aleph Sofer!

**I believe my best qualifications for this position are probably my love of writing and my creativity with ways to organize things on the computer. Since I started writing and experimenting with computer applications such as PowerPoint, I realized these skills come naturally to me. As a sofer, I believe these will be important qualities when putting together the newspaper, yearbook, and helping to work on various parts of the chapter website. For the position of sofer, I plan to maintain a steady and wholehearted communication with everybody in Fisher, and making sure that I don't lump too much responsibility on my fellow Sofer, but not taking over the whole duty of sofer and becoming the dominant leader. I will plan with my fellow sofer regularly, making this a 100% team effort all the way.

Goals as Sopher

- Be creative in every aspect of the newspaper and yearbook
- Share the responsibilities that come with this position with my fellow Sofer, as to not dominate the projects.
- Make sure to make the newspaper is very entertaining and fun to read
- Have great pictures of everyone for the chapter yearbook much before it is time for it to come out
- Have a suggestion section on the website and check it regularly so that I know what everybody's input is.
- Include many spotlight sections in the newspaper to highlight the many great achievements of our fellow fishermen.
- When it is time, make the website new and original. The Fisher website will never be the same.

My brother alephs,

Our chapter and even our regional GLC were born off great ideas, and thrive even now on great ideas. It is time we as a chapter improve on these ideas. It is time now to elect a new executive board to lead our chapter, and if I am chosen to join those elected as a Sofer, I promise to make the Fisher newspaper and yearbook the best they have ever been. I will rely on a lot of input from fellow fishermen to put these together so they will be OUR newspaper, OUR yearbook. Under my, and many others, guidance, this will be the best newspaper you have ever seen.

Your fellow fisherman, aleph, and everything else there may be, I remain,

Aleph Ian Zaback
