- ⌘ Leader on CLTC and Convention '11
- ⌘ International Convention 2012 Steering Committee Member
- ⌘ Currently spearheading programming for all National programs in the UK and Ireland '12

Achievements

- ⌘ In 2010 I became the Vice-President of Deganya, being the smallest chapter in UK & Ireland Region having only 5 members attending our weekly chapter programs. By the end of my term, we achieved an average of 25 members attending weekly programs. Today, Deganya is now the largest chapter in the UK & Ireland area with over 35 members in attendance at our weekly programming.
- ⌘ As a chapter executive, programming was my passion. At the age of 14, I wrote and executed such a successful program that it was replicated by the National Executive Board at our very own August Convention.

About Me

- ⌘ I come from a BBYO family. My step-father was on the National (Regional) Executive Board as well as my two sisters. They inspired me to be a great leader and have encouraged me to do so all throughout my BBYO career.

- ⌘ I am in 11th grade and have been involved in BBYO since 2008. Having been an executive since 2009, I feel as though my leadership skills have been developed to there fullest.

"The Jewish people, ever since David slew Goliath, have never considered youth as a barrier to leadership."

-John Fitzgerald Kennedy, the 35th President of the United States of America

N Phillips

I will bring back the Head Global Ambassador position to link the network. If BBYO is going to continue to expand throughout the world, a stronger, more organised network is critical to make sure **COMMUNICATION** is constant and any help is given instantaneously to those who need. This will develop BBYO as a movement and create and preserve new friendships.

I will link every single chapter in the world of BBYO. This is so that they can pen-pal, Skype and, most importantly, run programmes together creating long lasting friendships. I will make a programme structure which can be run at every chapter once the chapter S'gan can fill out after **CONNECTING** with their linked chapter.

Many different Summer Programmes take place in Israel over the summer such as: ILSI, BBYO UK & Ireland Tour, Impact, Atid etc ... Two years ago these groups met up for an afternoon which was thoroughly enjoyed. Therefore I intend to create a weekend dedicated to these groups in Israel so that there are **LINKS AND FRIENDSHIPS** created across the BBYO globe.

It is fantastic that so many countries are represented at IC this year. However the same success rate should be present throughout summer programmes. Such as ,ILTC and CLTC where overseas members can **LEARN** so much about the order, **IMPROVE** BBYO back home and make international friends.

Improving
Regional
Events

Make sure J-Serve is implemented more successfully in Europe. I will create an app that has all the **INFORMATION** about where J-Serve events will take place and what will be happening there.

I will create a link on bbyo.org that has all the major **EVENTS** coming up which every region. That way if two different regions are going to be running the same event around the same time they can contact each other and discuss ways to make their event better.

I aim to have the GAG and Nsiah attend the JDC and JSC fellow training in New York to teach the fellows about BBYO. All youth organisations can only connect **TOGETHER AS ONE** entity if we understand who each other are which is why the GAG and N'Siah should be there, representing us.

I will create another link on the BBYO website in which every chapter will be able to **ADVERTISE** their merchandise in preparation for international and regional events . This will give those who are providing merchandise a greater indication of how much merchandise to bring.
