Goals

- Have 4 or 5 Judaic programs in a year
- Have 3 or 4 community service programs in a year
- Make the programs meaningful without sacrificing fun
- Have high attendance at the programs
- Plan programs, especially community service, a month in advance
- Inform members of a community service project as soon as its date is set

My brother alephs, our community service and Judaic programming this past year has not been nearly as successful as it could be. I promise to work with the S'gan to create fun, meaningful programs in these folds. I will plan programs that people in the chapter want to come to, so that they will be well enjoyed, and will set an example for the region of how programs of those types should be carried out. I will work to make it so that we look towards these programs instead of stray away from them. I am here to make sure that these programs will be as good and important as any other program held by the chapter.

Fraternally submitted with undying love for Fisher AZA, Michigan Region, brotherhood, CLTC 3, and Tony the Tiger, I remain,

Aleph Jonathan Matthew Schiff
