This platform shows who I am and what I plan to accomplish as GAG, but the story behind this platform is much deeper. There are photos from my Bris, my Hebrew School Graduation, my Bar Mitzvah, and my Shield of David. These were the key moments in forming my Jewish identity. These are moments millions of Jewish children who perished in the Holocaust never got to experience. I want these pictures to represent the thousands upon thousands of Jewish teens we have the potential to engage next year, the thousands and thousands of teens who would leave their Jewish culture if it wasn't for this organization, and the millions upon millions of our ancestors who spent the past 6,000 years fighting for a place to call home. These pictures represent not just my Jewish identity but

Next year I will build a personal relationship with as many of you as possible. I want every member from seniors to AIT's to feel comfortable coming to me for any problem you have in and out of BBYO. We are a brotherhood and the Grand Aleph Godol should be there for you both professionally and personally. I want you to know a little bit about me before the election itself. I love music, sports, movies, and politics. I love every sport and consider Jackie Robinson to be one of my idols. My music repertoire is very scattered. My favorite bands/artists include Dave Matthews Band, Drake, J.Cole, Matt Nathanson, and Bruce Springsteen. I can never turn off "It's A Wonderful Life", "The Departed", "Wedding Crashers" or "Full Court Miracle" (yes the Disney movie about the Yeshiva basketball team). We owe it to ourselves to get to know as many Alephs as possible in the AZA. We are a Fraternity.

My Brother Alephs,

We sit here today the leaders of the Jewish people. Together we provide more meaningful Jewish experiences for more Jewish teens. Events such as IC, AIPAC, Panim, ILSI; most people will never experience in their lives. This organization offers us the possibility to bring real change to the world but most importantly, to the **Jewish people**. We have already been a successful organization; we engage over 25,000 Jewish teens a year. This will be the year where we build on our successes, the year where BBYO turns into the face of the future leaders of the **world**, the year that every world leader turns to BBYO for support and backing, and the year when the dreams and admirations that the Sam Beber's, Charles Shane's, and Nathan Mnookin's had for this fraternity are reached. **This is our year gentlemen, this is our time.** Fraternally Submitted with undying love and dedication to the entire Grand Order of the Aleph Zadik Aleph, I Remain
