

MY SISTER B'NAI BRITH GIRLS

Why not, take the chance - take my hand and well create a SPARK. FOREVER leaving a lasting mark.

What kind of mark do you wish to leave on the world, in BBYO, in your chapter, in your council, in your region, in your community, or in the Jewish community? We have the chance of the lifetime. Let's seize the opportunity to change the world, one handprint at a time. From the time we are born, our handprints show who we are. Our identity is through our handprints. "Identity, identity, WHO AM I A BBG?" We all have our BBG handprints, a part of our identity. But, all of us have a different handprint. Different sizes, textures... a handprint. Each of our handprints make up the BBG identity world. If one is missing, that world is incomplete. Each handprint can make the impact you want to see. Whether you are a chapter member, board member, senior giving life, or a freshman just starting BBYO, you make up the BBG world. You hold the power to change the world.

Submitted with loving love for every single member that makes up our international handprint order of the B'nei Brith Girls.
I forever remain,

Tracey Rebecca Katz
