My sister B'nai B'rith girls,

Like a butterfly, our council can change and grow for the better. We need to look toward the future and spread our wings to new possibilities. Nothing is immediate, it takes time for caterpillars to transform, but with the necessary time and effort we can blossom and spread our beautiful wings.

My mission is to help the council become stronger and meet the needs of new and current members so that we can all become butterflies.

Submitted with undying love for Ya'ad BBYO, Shira BBG 2172, Yachad BBG 2370 and all of BBYO, I forever remain
