

Aleph Roark Benjamin Weinrib Baker Caucused for the high and honourable position of your 38th Regional Aleph S'gan

My Brother Alephs,

At this moment in time (get it it's the convention theme) you are all looking at my platform.

You're looking up at the front of the room where I'm standing with the 37th regional board sitting by me. In case you haven't figured this out yet I'm running to be you 38th Regional S'gan. My take on it is if elected I'll be lucky enough to represent the finest region in the order. Each chapter is special and combined we make LOR, a region full of the greatest Canadian Jewish boys around. Most importantly we create a brotherhood that goes far beyond blood to bring us together.

Patriotism: Loyalty to my homeland, to its laws, to its principles, to its ethics. To die for it if need be, but primarily to live for it. As you all know that is a cardinal principle of the Aleph Zadik Aleph. Loyalty to my homeland could be Israel, Canada, or if you were born somewhere else. Home is where the heart is, my heart is with you. My loyalty is to my brothers to our laws principles and ethics, to be there through the darkest hours and the brightest days. While primarily living with them by my side. Hailing from the Maccabees of Magen we pride ourselves on our patriotism towards our brothers, I know that next year we can continue with unparalleled strength creating steel bonds between brothers.

I would be honoured to be representing LOR as its 38th S'gan. All for one and one for all. As you listen to me talk for 5 minutes about why I'm a good candidate for this position and what I want to bring next year remember that no matter what I offer from a programming or organizational standpoint that everything that I will do is for you guys, my brothers. I settle for nothing but my best so that is what u will receive. I look forward to one hell of a year with each and every one of you.

Fraternally summited with undying love for, AZA, LOR, every single aleph in our unreal region, my boys in Magen, chocolate milk, wacky mac, food, clothes, Joey's shirt, Rubendizie, females, sports, the Magen Magen, instant ramen, the advisors, on the bench and all those who never gave up on me,

I forever remain,
Aleph Roark Benjamin Weinrib Baker

ALL FOR ONE

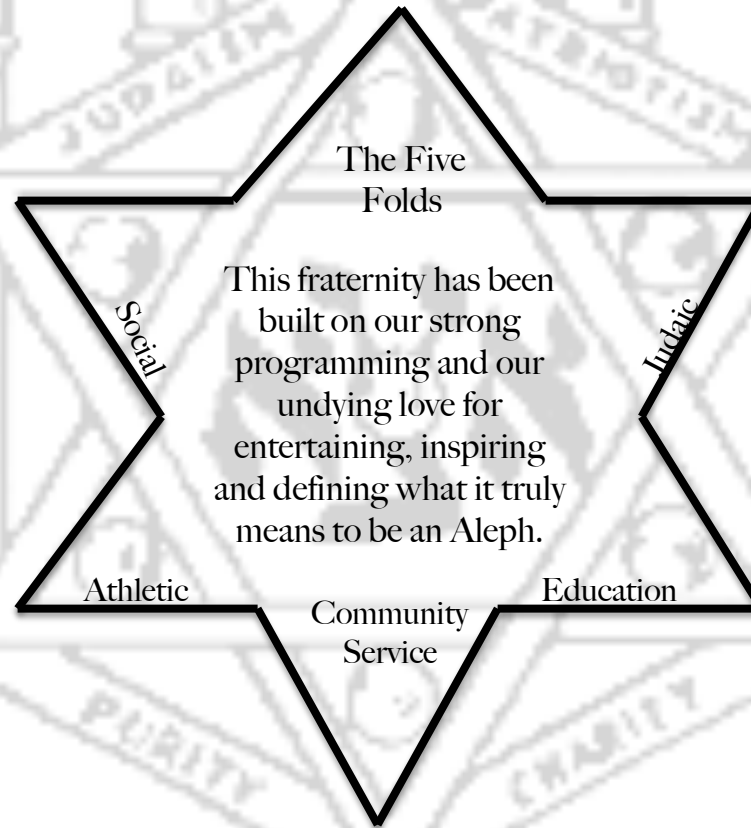

AND ONE FOR ALL

Athletic

If I have learned one thing from this region, it's that most if not all of the alephs in LOR enjoy sports. However, if you are not the most athletic there is something about the camaraderie of winning a basketball tournament together as a chapter that creates a bond unlike any other. This being said, I want to create an athletic committee and have Alephs be able to plan more athletic events for the region especially so that the AZAA chair can have a sub-committee of his own.

Education

A key to the future of LOR as well as AZA is education. The order that we are a part of is over 90 years old and BBYO is Canada is now almost 92, and that is an amazing thing. The best way to maintain membership is to spread the traditions that have lasted almost a century in this amazing organization. By educating more alephs about this order, we can create better leaders not only in AZA, but in the world as well.

Community Service

The fact that Lake Ontario Region has the biggest and one of the most amazing J-Serves across the order is amazing, but this should not be the only reason community service happens. Good deeds day is also a great initiative so why not provide more opportunities for people to give back? That is why I want to add more events for people to give back to the community around them, as well as those around the world our stand-up cause.

Social

While most events (both regionally and on the chapter level) isolate this fold, I want to improve the social aspect of the region. Having the new application for chapters to host a regional event will allow each chapter to display their programming and allow more opportunities to create better AZA bonding. This not only creates better friendships throughout the region, but allows more people to gain experience programming in front of a big audience.

Judaic

This is the most underrated fold by far in AZA. This is the most important fold because this is what brings us all together, the one thing we all have in common. While I don't necessarily think this needs to be integrated into every event, there can be more. This should be embraced, it is what makes us all alike.
