

PWR'S 3rd Regional Maskirah

is caused for

Bar Sverdlav

PACIFIC WESTERN REGION #44

Dear BBGs,
It has been such an amazing year that I have gotten to share with you all. This second year of PWR has been so amazing to experience and I will truly miss it. Thankfully, next term will be here faster than we know it. It will begin with a "kickoff" that as Regional Maskirah I will plan on making the event of the term along with the Regional Maskir. During this term, I will keep everyone updated with fun emails, exciting calls, informative calendars, and a strong sisterhood. Globalization will become a key topic in our region and alumni will be available to us whenever we will need them. Then, it will end with a yearbook. A book that will help us look forward to the end of another term. A book that will be filled with our best memories that we will always cherish. Thank you for letting me create these memories with you and I can't wait for the ones that are yet to come.
Submitted with undying love for,
Beth Shean BBG #1153, Pacific Western Region #44, and I remain,
Bar Sverdlav

All the times we
Had together..."

Goals and Ideas of the year:

- Keep every single member updated:

- Sending out an email every month making it fun, colorful and exciting to read. I will make them fun and interactive with trivia questions, games, and NJB's (nice jewish boys) at the end of every e-mail
- Consult the regional S'ganit in order to make hardcopies of the regional calendar that can be sent out to parents and members once a month to remind them both of upcoming events
- Work with the rest of regional board to make sure that all of their counterparts are updated each month along with my counterparts as well
- Create a regional yearbook that includes all of the chapters in the Pacific Western region and different sections for regional weekends and events. I would either post it on the PWR page and they can look through it online or I can involve the regional Gizeborit to discuss printing them out and selling them to the region.

• Globalization:

- Continue our partnership with Turkey and create a pen pal system with them that will help us learn more about how BBYO works in different countries
- Become more connected with Israel through different programs that I will work on along with the Regional Sh'lichah

• Alumni:

- Get alumni numbers and emails and send out a list along with the regional email
- Create an advice column written by past BBG members each month

• Kickoff:

- Find a new location where we would be able to do more fun activities where everyone can have a good time

• Counterparts:

- have a counter part bonding sleepover each term: one with all chapter mazkiriots and another with the chapter's katvanit, safranit, orechet, and yeldat simcha.
- have monthly counterpart emails with specific expectations and contain all of their contact information in order to create a closer bond
