MY PLANS AND INNATIAVES

BUILD AN EFFECTIVE NETWORK

- We can further flourish when we are built upon a network where outlying and small city chapters have a bigger voice and a larger presence in the Region. Bi-weekly communication with the execs of small city and outlying chapters will benefit the operation of our region.

FORTIFY THE RELATIONSHIP BETWEEN AZA,BBG, AND BBYO CONNECT

- BBYO gives post B'nai Mitzvah age teens the opportunity to experience Judaism outside of the shul. BBYO Connect age teens, in addition to having opportunity in their regions, can attend a multitude of summer experiences for 6-8th graders encouraging them to become active in their chapters and regions. Working in cooperation with Chapter and Regional Morim and S'ganim we will outline and plan events specifically for BBYO Connect age teens.
