As your 2015 Spring Term N'siah, I, Danielle Alexa Chaum, will strive to put our chapter into "action". We, as a "cast", will work together to lead Pearl to an even stronger and greater future. Our last term strengthened numerous aspects of our chapter and I not only want to continue this, but I want to take our chapter's sisterhood, involvement and leadership to a whole new level. We have the tools and the passion to raise this chapter to higher levels of success and spirit than ever before, so let's make this term an unforgettable "box office hit"!

 REC

our Future so Bright

Goals for this "Season"

-include **all** members in what is going on throughout the chapter, whether it be by planning events, developing new aspects of the chapter, or strengthening its foundation, I want **YOU** to be a part of it

-emphasize the **importance of communication** with all members, advisors, and counterparts by informing all about upcoming and past events going on throughout the term- ex: using a GroupMe for each grade, the board, and committees (also way to get members active)

-raise and maintain **consistent attendance rates** at programs and events- use and promote the program idea bank and more leadership opportunities for all members

-this term is based on what **YOU** want- by using surveys and idea banks and by working as one (not just the board), Pearl will be what we, as a chapter, create it to be

-board workshop at the beginning of the term to learn about each position and make **term goals**- then have another workshop during the middle of the term to reflect on their past work and what they can improve on during the last months of their term

-more chapter bonding opportunities- break the boundary between lower/upper classmen

-vote on a new chapter TV show and StandUp cause!!

Together As One

Forever United
