

Aleph Godol and Brother Alephs,

"We're brothers in the order called the AZA, so listen everybody to what we say. The Aleph Zadik Aleph's going strong today so Stand Together!" So begins one of our order's cheers. To me, this simple expression is the heart and soul of AZA.

For me, the AZA is more than an organization; it is more than a group of friends. To me, each and every member of AZA is truly my brother. Simply put, I love our order.

In my time as an Aleph, I have been lucky enough to know numerous men who, with their passion for AZA, inspired me to become a better Aleph, a better leader, and to make an impact on every one of my brothers and to help my chapter and region.

For me, there is no joy greater than bringing inspiration and success to others, so please allow me to inspire and help a new generation of Gizborim in our great Region!

Fraternally Submitted with Undying Love for the Order of the Aleph Zadik Aleph, my Home Chapter Henry Monsky AZA #791, North Texas-Oklahoma Region #74,

I remain,

## Plan For Programming

- While working with the Gizborim, I plan on following these steps to increase success:
  1. Meeting with the Gizbor to brainstorm ideas with him and to offer advice on ideas. This will be either in person or via mobile device.
  2. I will then have the Gizbor set up a fundraising committee within his chapter to increase chapter cooperation and inclusion.
  3. Then the Gizbor and his committee will plan the project and present it to me for feedback and advice for improvements.
  4. At the region wide Gizborim meeting, I will have the Gizborim figure out dates and times for their fundraisers as to not create conflictions with another chapter's event.

## Goals

- **Communication.** Communication with the Gizborim of NTO Region is of utmost importance for success. During the year I will make monthly emails and phone calls to all the Gizborim to touch base with them and to help set goals for their term.
- **Inspire Next Year's Gizborim.** One of my major goals as Gizbor is to inspire a new generation of fundraising for our region. The best way to do so is to have a Gizborim meting one or twice a term to help the Gizborim think of creative ways to make money for their chapter.
- **Regional Fundraising Programs.** This past year, there hasn't been a region based fundraiser. I plan to work with the other Gizborim to plan a fundraiser.
- **Chapter Fundraisers.** I plan on working with the Gizborim of every chapter to reach the goal of planning at least one fundraiser per term for every chapter. To the left I have an outline of how I will work with the Gizborim.
