My Brother Alephs, as your Gizbor, I plan on doing whatever I can for the good of the chapter. I will make sure we always have amazing fundraisers planned and we are selling things that I know you guys will all want. I want to make this upcoming term, **Your Term**. I want this term to be about, not the board members, But You! I know many of you who aren't on board would like to contribute so as Gizbor I would make sure if you guys wanted to contribute, you could! This chapter has given so much to me and I would love to give back to it by being the best Gizbor you've ever seen!
