MY SISTER N'SIAH, MY SISTER B'NAI B'RITH GIRLS,
Programs are something that fill our weekends,
make us smile, and always give us a home
away from home. But, have you ever stopped
to think about the basic question, what is
programming? We are. I am programming. You
are programming. The Alephs and BBG's in
Wisconsin Region are, and the Alephs and
BBG's in the Grand and international orders
are. Programming is what brings us together.
