

# GOALS AND IDEAS

## DEDICATION

I am more than ready to take on the task of becoming Godol of PVAZA. I will put my heart into everything that I do. The chapter reflects the Godol and the decisions that he makes. If you elect me as your Godol, I can assure you that our chapter will thrive in every way possible because there is no one more passionate for BBYO than I am. I hope that you are as excited as I am because this programming year will be a great one!!!

## REGIONAL INVOLVEMENT

As an extremely involved member of our region, GJHRR, I attend most conventions, dances and other regional events. In doing so, I have created amazing friendships with so many different people from throughout the region. I want to increase PVAZA's involvement in the region. That way, PV members will be able to have so many more meaningful experiences in BBYO and will create memories to last a lifetime.

## COMMUNICATION

After serving as PVAZA's Mazkir for the 2017-2018 programming year, chapter communications have become a specialty of mine. As Godol, I will work with the Mazkir to create efficient emails that contain relevant information about upcoming events, utilize social media to communicate with the chapter and continue using PVAZA's website and updating it with new information in order to keep the chapter informed.

## PROGRAMMING

I will work with the chapter and council S'gans to create programming that will be meaningful for all chapter members and will allow us to bond as a chapter at all chapter meetings, brotherhoods and other PV events. If any PV members have any ideas for a program for our chapter, they will always be able to contact the S'gan or myself and we will work to help that member create and then run their program.

## FUNDRAISING

Over the past few years, fundraising for our chapter has been lacking. As Godol, I will work with the Gizbor to plan chapter fundraising events for PVAZA throughout the year rather than just relying on the Krispy Kreme Fundraiser in May. With a steady flow of money into our chapter, we will be able to plan more fun events (with food) and not charge admission for our brotherhoods and other events.

## RECRUITMENT

I will work with the chapter Moreh and Mekesher to plan different events that will appeal to new members with all sorts of interests (both during Rush Month and the rest of the programming year). As Godol, I will create a chapter atmosphere that is inviting for all new members and will keep in close contact with new members in order to help introduce them to BBYO. Under my leadership, PV will be a welcoming environment for all.

## PINK AND WHITE

I am very excited to begin fundraising for our Standup Cause, Play for P.I.N.K.. Next year, I want to start out early with canning over the summer, hosting our annual car wash in the fall and some other events. I will work with PVAZA and PVBBG's boards to advertise for the Pink and White Ball as much as possible. With proper organization and dedication, I have no doubt that we will be able to surpass our fundraising goal in the fall!

## BROTHERHOODS AND SOCIAL ACTION

I am a firm believer that brotherhoods are the most important events for an AZA chapter. As Godol, I will plan brotherhoods or other bonding and hangout events for our chapter at least once a month. These types of events are truly when our chapter becomes united. In addition, I want to host numerous community service drives and events in addition to Pink and White next year in order to give back to the community.

### MY BROTHER ALEPHS,

This past February, I had the honor of attending BBYO's International Convention in Orlando, Florida. This year, the theme of IC was "together we will." I believe that this phrase perfectly embodies what BBYO is all about: together, we can accomplish anything. But before we can accomplish, we must join together and become a united chapter of brothers. This is why I am running to become your Godol.

As Godol, I will strive to turn our chapter into an inclusive place for everyone. I want our chapter to become a true fraternity of brothers who have each other's backs. I am a firm believer that BBYO is all about the brotherhood. That's what makes the BBYO experience such an extraordinary one.

They say that what you put in is what you get out. The chapter reflects the Godol and the decisions that he makes. If you elect me as your Godol, I can assure you that our chapter will thrive in every way possible because there is no one more passionate for BBYO than I am.

I am not running to become Godol for me. I am running to become Godol for you. This is our chapter. I want for all of us to have a successful and meaningful year in PVAZA. Together. And that is why I am asking you all for your vote. Because **TOGETHER, WE WILL!**

Fraternally submitted with undying love for Pascack Valley AZA #1353, I forever remain.
