Dear Magen:

Dear Magen AZA #2360,

Another year has passed in our chapter. We have had average membership growth, low chapter enthusiasm, and little chapter involvement outside of the board. Our chapter has reached a standstill, and it is hindering our growth. We need to rev up the engines of our chapter. Get more people involved, become one unit as a chapter.

If we can unite and become one strong, cohesive chapter, the sky is the limit of what we can accomplish. We can bring this chapter to new heights if we work as a team. A board that is willing to work and chapter members that are passionate is the perfect formula for a successful chapter. I know that we can have that successful chapter if we decide to work towards it. I know that every single one of you loves this chapter.

It is time. Let it grow. Let it thrive. **This is our time.**

Fraternally submitted with undying love for Magen AZA #2360 and all my fellow Alephs,

I remain Aleph Billy Max Cohen.
