My Letter to My Sisters of Chaverot

A famous singer once said, "I'm gonna pick up the pieces and build a Lego House." This quote can relate to the job of the N'siah to help build her chapter to be a strong Lego House. I promise that if elected N'siah, we can work together to build the greatest Lego House Lake Ontario Region has ever seen. By creating more leadership roles within our chapter we can build our Lego house so perfectly that nothing will be able to knock it down. So my BBG's, let's build this house...together.

Submitted with undying love for Chaverot and the great Lego House our Chapter can be I remain.
