Aleph Ben Sheppard- 2012

My fellow Alephs,

I am happy with where we stand today, and I am optimistic on where we can stand tomorrow. We strive for effective Judaic programming and with excellent leaders, we have achieved just that. This past year, our Regional Shlichim planned a great regional Kallah and lit the spark that encouraged many to find their religious status. If elected, I will build on this great foundation laid by those before me. I will revisit successful ideas from the past and bring an abundance of new ones, too. If elected to the 29th regional board, I will foster the name we have been given and enhance the region, while assisting each chapter in furthering their Judaic development.
