S'gan and S'gan Shenim

I will **communicate regularly** with the chapter S'gan and S'gan Shenim to ensure projects are being **executed** to their **full potential** and planned in a timely manner. This will **prevent** projects from being **thrown together rashly** a few days prior.

Morim

We talk every term about **increasing retention** but this is going to be the one we put **more effort than ever** in to. I will work with the Morim to get **everyone involved** and stay true to our efforts to finally **retrieve those countless inactive members**.

Mekasherim

The Spring is where we make our **big push for 8th grade recruitment** and this term our **AIT class will be bigger than ever**. I will put forth a major effort into helping our Mekasherim get **every Jewish teen in Houston into BBYO** with the support of our entire chapter.

Shaliach

I will work closely with the Shaliach to make sure **Reisbord's legendary Shabbat dinners come back better than ever**. I will also communicate with him regularly to ensure all Shabbat and Havdalah services are being planned for programs.

Mazkir

With the role of **globalization** now in the hands of the Mazkir I believe this aspect of BBYO can be given much more deserved attention. I would like to work with him to create a **wonderful globalization program** we can be proud of. I will also work with him to ensure **all methods of communication** are being used such as **Twitter, Instagram and Facebook**.

Gizbor

This upcoming term we will be hosting our **annual wheelchair basketball tournament** and this year it must be **bigger than ever!** I will work with the Gizbor and the rest of the chapter to finally reach the long awaited **\$10,000 mark**.

Committees

In the past we have **created committees on the fly** at chapter meetings and never did anything with them. This term we **must establish and keep up** these vital components to our chapter. We will have **committees centered around recruitment, retainment, spirit, program planning** and more to ensure **all members have an active role** in making this chapter even better than it already is. We can also have members **switch committees every few weeks** to allow each member an opportunity to **experience every facet**.

Meetings

Meetings seem to have been treated as monthly or biweekly burdens no one wanted to go to. In addition to **increasing board and chapter meetings**, I plan to conduct meetings in a way that will make **members want to come**. I would like to plan meetings over a **Sunday brunch** to make it seem **less like work**. I also would like to **implement them into sleepovers, frat nights or hangouts** to provide a **more comfortable feel** to the experience

Notifications

There are two aspects of notifications I plan to change this term, **time and the calendar**. I first want e-mail and Facebook **notifications to go out earlier** in the week to make sure everyone can plan their weekends accordingly. I also want to create a **chapter wide Google Calendar** that can be shared with everyone to keep **all members**

My Brother Alephs,

I have spent the last year and a half an active member of the **greatest chapter in the order, Randy Reisbord AZA**. I have found a **new home** among the Alephs of this chapter and am now committed to ensure that **every member** feels as though they've uncovered an immensely **strong connection with BBYO**. It's time to ignite every Aleph's love for this organization and experience how it feels to be part of such a **strong chapter**. I have seen us **constantly improve** without decline and plan to continue this trend if elected as Godol. **My goal**, if elected, is to **lead Reisbord** to its **greatest potential** just as those before me have done to make my time in **BBYO so wonderful**.

Fraternally submitted with undying love for Randy Reisbord AZA #1935, Lonestar Region #73, Achva AZA #3030, and the International Order of the Aleph Zadik Aleph,

I forever remain,
Aleph Jason Patrick Levine
