AZAA

- Create AZAA Twitter Account with game updates/schedule reminders
- "All-Star Weekend" in AZAA basketball
- Camera man at games, do post game interviews
- Create shirts for champions
- Make stats more readily available by posting them on Facebook
- Monthly SportsCenter video posted breaking down intriguing match ups for that month (R-Board are anchors)

Chapter Programming

- Full S'ganim hang out to discuss programming for upcoming term
- Make chapter meetings more appealing with prizes
- Stray away from "Basement Programming," go into community more often
- Universal Programming Outline** (more on back)
- Make committees a must, include younger members in the planning process
- Have a Wisconsin Programming Showcase

Regional Programming

- AZA retreat
- Continue the BBYO showcase and the Madison Program
- Create Regional Committees**
- Create text message chain and Google Calendar
- First ever freshman run program at WRC
- Send out Bi Monthly surveys to determine future programs
- Continue the CLTC style for next year's SRC
- Run regional meetings every other month

My Brother Alephs,

The computer. One of the greatest engineering feats of all time. So vast and complex that many of us can't even begin to comprehend how they work. However, a select few do understand, and they are the people that build and program it. And without a proper programmer, a computer is nothing. Gentlemen, AZA is a computer. So vast and complex, so many components, so many opportunities for greatness embedded in our values. And behind every great computer, there is a great programmer. Tonight I stand before you, my brother Alephs, caucusing for the high and honorable position of Wisconsin Region's 66th Aleph S'gan, and asking all of you for the distinct honor of programming the Wisconsin AZA machine above and beyond.

"What you get by achieving your goals is not as important as what you become by achieving your goals."

-Henry David Thoreau

Proposed Calendar for the 2015-2016 year

June 2015

- Pre summer calls to all S'ganim
- Make hype video for term

- AZAA Basketball All-Star Weekend
- Senior program to close off BBYO career^

June 2016

- SRC 2016

Undecided Dates

- Attend a Bucks/Brewers game
- Laser Tag event
- Program with another region

Program, Communicate, Execute

I put a large amount of stress during my two terms as S'gan of Solomon on communicating programs effectively. If elected, I will work very closely with the Aleph Mazkir so that you will never be left in the dark, feeling as if a program snuck up on you. By implementing text message reminders, Google Calenders, and an AZA Facebook page, you will always be aware of upcoming events. I will be sure to help guide the Chapter S'ganim in this direction as well, reinventing the way chapters communicate vital information to their members.

The Vision

Incorporating Folds

Athletic

- Make this a secondary fold in order to make other folds more engaging (learn about great Jewish athletes and then play basketball)
- Combine Social Action with Athletic fold to create a Charity Basketball game

Community Service/Social Action

- Make sure every single chapter is doing their standup cause regularly
- Incorporate other folds to increase attendance for programs focused around this fold

Education

- Broaden education from just AZA related topics
- Incorporate other folds as to keep the conversation flowing and to keep Alephs engaged

Judaic

- Make this fold more entertaining with the addition of skits and games; utilize athletic fold

Social

- Have at least 2 programs with other chapters
- Brother-Sister Chapter community service project

AZA Brotherhood

AZA Brotherhood is what separates us from every other youth group on the planet. It is what bonds us together, no matter what chapter, region, or country your brother Aleph is from. I feel that we should capitalize on the already strong fraternity felt in this region by having brotherhood themed chapter programming at least twice per term.

I will make it a priority to show every member of our great region what it means to be part of the 91 year old Brotherhood. The Aleph Zadik Aleph.

This organization means the world to me and beyond. If elected, I can guarantee consistently fantastic programming, bringing you closer with your brother Alephs.

The Universal Program Outline

- The UPO will make planning programs easier and more efficient than ever before
- Rather than planning a program from scratch, it allows S'ganim to have a starting point
- Based off of outline used to help plan International Programs for IC
- Makes collaborating on programs much easier due to the universal aspect
- Will strengthen programming overall

Fraternally Submitted with undying love for CLTC 3 2015, Nivayim AZA #2434, Bereshis AZA #39, Heifetz BBYO #5608, My Heart and Home, Solomon AZA #2444, Wisconsin Region #64, and the Grand Order of the Aleph Zadik Aleph, I will forever remain

Aleph Jordan Max Kolsky
