*A proud candidate for the high and honorable position of Mishpucha BBG's 11th N'siah*

## Dear Mish Puppies,

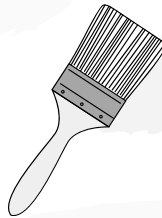

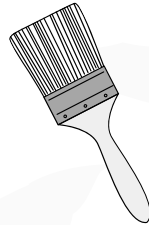

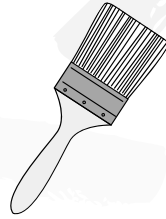

It has been one heck of a year! From Olympics to giant gavels, our family has seen it all. The tapestry of our year is full of colors and personality; an abstract motif that only a Mish Puppy could truly appreciate.

This past year, serving as Morah has given me insight on the inner workings of chapter board, how to best deal with new members, and most importantly, how to ensure that everyone's BBYO experience is as fun as my own has been these past few years.

This experience and drive is what I hope to bring to Mish next year. Each and every one of us brings a new medium, a new color, to Mish. As N'siah, I will strive to paint next year's Chapter as the best, most spirited bunch of girls that NER has ever seen.

Respectfully submitted with undying love for Mishpucha BBG, art, talking too much, and music no one likes, I forever remain

Rachel Morgan Kessler, DAMN proud candidate for Mishpucha BBG's 11th N'siah
