## A MESSAGE FROM ME:

My sister B'nai Brith Girls,  
 "The art of communication is the language of leadership" -James Humes.  
 As expressed, communication is an extremely important part of any position, but especially for Mazkirah. Ever since I've joined Ashkelon, I knew there were things I wanted to do and take a position of leadership to better this chapter as a whole. I know sometimes we all aren't sure about what's coming up, so exciting weekly emails will definitely help with becoming aware about events and communicate with the chapter. I'm ready to make this upcoming term one to remember!

Submitted with undying love for blue and yellow, Ashkelon BBYO #5407,  
 I remain,  
 Jillian Illyse Krinsky
