Is caucused for the highly
esteemed position of

Gizborit

for fall term 2016

☾ "To be a star you must shine your own light, follow your own path and don't worry about the darkness for that is when the stars shine brightest." ☾

My Sister Bnai Brith Girls.

Strength and dignity are our clothing, but so is super cute spirit wear. With more wearables, a vote for what to order, and bringing back an awesome wearable chair, Ko'ach can be the brightest and most fashionable star in the entire galaxy!

I am ready to make this term out of this world with creative new fundraisers, smart budgeting, and ISF education.

We can't connect with life on other planets yet, but we can connect to a sister chapter in another region. With help from my council counterpart, we can start a pen pal system and make more new, awesome friends.

I know that Ko'ach is my sun. My world revolves around it. If elected Gizborit for Fall Term 2016, I want to make that sun shine even brighter, so that it lights up every single one of your worlds more than it already does.

Submitted with undying love for,
Fundraising, Stars, Spirit Wear, Planets, ISF, The Sun, Budgeting, My world Ko'ach BBG #2529,
and each and every one of you
I forever remain,

Mia Brooke Pearce
Damn proud candidate for your Fall Term 2016

Goals and Ideas

Spirit Wear

- ✦ Sell one bigger wearable two smaller wearables
Examples of a bigger one: Nike Tempo Shorts, Crew Necks, Campus Tanks, Lax Jerseys, Boxers, Hoodies, Long sleeve tee shirts, Quarter zips
Examples of a smaller one: Tee Shirts, Laptop Stickers, Lanyards, Hats, Socks, Scrunchies, Headphones, Keychains

- ✦ Candles for the first five people to get money in before ordering wearables
- ✦ When there are lots of leftover items from an order, sell them to new members
- ✦ Once the wearables come in, have fun challenges for members to do with them so there is motivation to rep. Ko'ach everywhere - For example: Take a pic. of you wearing your Ko'ach wearable in class
- ✦ Create multiple wearable designs that members can vote on - Have a Project Runway program as a creative way to start off the vote
- ✦ Make a white tee shirt wearable that we can tie dye together at a later program
- ✦ Design Contest

Fundraising

- ✦ Have one or two fundraisers a month

Scholarships/Budgeting

- ✦ Create budgets for four week plans
- ✦ Create a form for reimbursement after purchasing materials so we can keep track of spending

- ✦ Create tentative plan for spending over the term
- ✦ Create goal for how much to raise over the term
- ✦ Create goals for specific amounts raised in fundraisers

ISF

- ✦ Link to donate to ISF and have a text-a-thon lasting around a week
- ✦ Use Booster by Custom Ink to sell something where profits go to ISF
- ✦ Work with Council Counterpart in order to find a sister chapter in another region
- ✦ Have an ISF week - each day will be a different challenge
- ✦ Have an international night with an ISF education session
- Each grade will have a different country and they can bring a food from that country and talk about bbyo in that country. They decorate a tzedakah box based on their country to start change wars
