

THE LITTLE MIT MOM

"I WANNA BE WHERE
THE TURTLES ARE" - ARIEL

"WE GOT NO TROUBLES...
LIFE IS BUBBLES,
IN TIKVAH BBG!!" - SEBASTIAN

MY SISTER B'NAI BRITH GIRLS,

Flipping your fins won't get you so far... unless you're a turtle of course!! The little mermaid is filled with an array of lively and diverse characters, just like our chapter. Each character plays an important role, from serving King Triton to helping Ariel find her true love to becoming human. So Tikvah, let's get ready to make these MITs a part of our world!!

Respectfully submitted with undying love for my friends, The Little Mermaid, Camp Olympia, Spring Term Board 2018, Lonestar Region #73, my heart and home Tikvah BBG #2473, and all of you immensely important people,

I forever remain,

Sydney Blair Fay Hammerman

A damn proud candidate for your Fall Term 2018

MIT Mom

Under the Sea (GHC)

- Walkdowns '18
- Spring LTI '18
- April Taste of BBYO Event '18
- NOM Pickup '18
- MIT Pickup '18*

GOALS AND IDEAS

- Make the MITs feel welcome and push them to become active after the summer by having a sisterhood project where they can meet other members and receive "Welcome to Highschool" survival kits
- Focus on member retention and inspire MITs with a "Legacy" project to highlight accomplishments of older members
- Strengthen intergrade relations with two big/little dinners per term and plan a meaningful and fun big/little reveal
- Talk to/send out a preference sheet to the MITs of who they connect with in the chapter to avoid random pairings during big/little reveal
