## 10 Reasons Why I Want To Be Mit Mom

1. Because I believe that I can make an impact on these girls about the real meaning of BBYO
2. Because I understand the educational process the MITS need to go through before they can be inducted
3. Because I have a relationship with each individual MIT that I want to build on
4. Because as a past Mekasheret I understand the recruitment side of being a MIT mom and I plan to continue recruiting to BBYO and to BLUM
5. Because I want to make all the MITS engaged and excited to come to a project every weekend.
6. Because I want to build up the future leaders of Blum in the best possible way.
7. Because by having one strong MIT class, the future classes are bound to be even more amazing.
8. Because I will work tirelessly to make sure that by the end of my term this MIT class will be educated, spirited, and so big we would need to make an extra line when taking chapter pictures
9. Because I love all 23 of our beautifully amazing MITS
10. Because I LOVE SALLY BLUM BBG WITH EVERYTHING I AM

*ideas*

- MIT Retreat
- Make MIT Board more involved as well as have them shadow the real board
- Have MIT specific programs
- Enforce Big/Little
- Make Big/Little reveal a whole chapter inclusive activity
- Personally offer rides to as many MITS as possible & ensure everyone has rides
- Bring a prospect shabbat

### *Reeducation:*

Starting in August, we hope to teach the MITS about all things BBYO and NTO before they actually happen. For example, in December we will walk the MITS through regional convention so that they know exactly everything that happens and what to expect.

### *Recruitment:*

With the amount of MITS that we already have, it is difficult to think that we may have more. We plan to continue reaching out to people along with having a prospect dinner so that MITS and other members can bring their friends who are not in BBYO to meet the whole chapter and get a feel for the BBYO atmosphere.

### *Retention:*

We plan to not only try to retain MITS, but to bring back inactive members of all grades by personally pursuing them and communicating with them on a regular basis to come to projects.

My Sister  
N'siah, my Sister  
B'nei Brith Girls, for  
the past year I have  
loved this chapter with my  
whole heart and welcomed  
23 MITS into Blum. As MIT mom I  
want to show this MIT class how to  
love Sally Blum BBG like we all do. With  
every new member who has a passion for  
Blum and BBYO, a whole world gets opened  
to them filled with new friends, leadership, and  
Judaism. I want this MIT class to get inducted with  
their heart beating purple, silver, and white. I would be  
honored to serve as Sally Blum BBG's Fall Term MIT mom  
to help ignite the strong BBG passion in each and  
every MIT.

Submitted with undying love for Sally Blum BBG, Alisabella Nsiah, Seth  
beau, purple, silver, and white, Barry the dinosaur, this extremely huge MIT  
class, and each and every one of you,  
I forever remain,

*Yael Schuller*

# MIT Mom Speech

“I get excited about the things that inspire me.” -Dwayne Johnson

When someone is passionate and loves what they are doing, they will do everything possible to achieve their goals.

My sister N'siah, my sister B'nai B'rith girls, the reason I stand before you today is because I am excited to be Sally Blums 2018 Fall Term MIT Mom. I am passionate about being MIT mom and I aspire to make a difference in these girls lives and in this chapter.

For this term I have 3 goals that I wish to accomplish. First, I want these MITS to end this term and get inducted with knowledge. I plan to do this with educational, but *fun* programs, having them learn through experience, and by being the contact for each girl for any questions they have at anytime. My second goal is to make these girls feel comfortable within the chapter, region, and in the international order. With the help of having Big/Little's, by just having a very welcoming and loving chapter, I know that these girls will always feel welcomed here and anywhere they go in BBYO. My third goal to keep having more MITS. I know this sounds crazy but I believe that we can never have enough MITS. Even if we don't have large increase of members, I hope to retain all 23 MITS we have now. I understand that with new schools and new workloads it can be difficult to stay active in BBYO but with encouragement through everyone's 'big', having engaging programs every week, and always offering rides personally, I hope to always have a large attendance of MITS at all projects despite the location or type of project.

The best way to keep members active is to have engaging, interesting, fun programs. I aim to have at least one MIT focused event each month. These events would include welcome back overnights, MIT pickup, Big/Little reveal, MIT board elections, and plan-a-project. Along with these events I hope to enforce other ideas that I hope will bond the chapter as a whole. For example: In August, when summer ends, I propose to have an overnight for the whole chapter. At this overnight it would be an opportunity for the MITS to bond with other members in the chapter so we can truly become a united group. Big/little reveal is another event that will specifically link one MIT to another member. MIT election, board, and plan-a project can be a very important time in these girls BBYO career. It gives a chance for them to see what a real board does and the type of responsibilities that each position has.

I *want* these girls to be inducted with a passion for BBYO. I *want* to have each and every one of the MITS to be glowing with pride for Sally Blum BBG. I *want* to be MIT mom to make a difference & to reach my goals. I am excited and inspired to be the Sally Blums MIT mom to our 23 beautiful MITS.
