Issues/Solution Goals

- Hold inductions
- Make sure everyone knows the songs
- Teach members how to recruit
- Hold recruiting seminars
- Maintain regional contact with counterpart
- Tree of life award
- Retain members
- Bring back members that have left
- Poor education/hold more quality and quantity education events
- Songs/Bring cheatsheets and do song sessions every week, quizzes
- Losing Seniors/Recruiting Seminars

I personally Promise that I will put forth the necessary sweat into this position and I will help this chapter remain at the powerhouse that it is now. I will educate on everything including how to recruit, and in the process I will recruit. This is incredibly important to me and I want to leave Reznikoff with more than 20 members at weekly meetings.
