

My sister B'nai Brith Girls,

You know that feeling when you have free time and you just click on the internet, not knowing what to do? You see your home page, Google, and think, ahhh, it's good to have this security. You kind of stare at the page for a couple of seconds, enjoying the different logo of the day, or just taking a breather. Next year, if elected as your S'ganit, I will ensure that each and every BBG in Michigan Region can experience this sense of a home, of security, through meaningful regional programs, and a great role model attitude. I will enrich this feeling for the chapter S'ganit, by being a role-model, and someone they can come to for anything. They are the future of our Search Engine, BBG, and I intend to teach them all of the necessary tools to be successful in this year, and for many years to come.

With so much undying love for Michigan Region, the future of our Search Engine, and each and every B'nai Brith Girl in Michigan Region,  
I Remain,

*Elie*
