Since my 8th grade year, BBYO has been my passion. My time in AZA is short, and I want to make the most of it, for myself and those around me. I will put all of my heart into making this year Lonestar's best yet. The idea that an average group of teens could get serious and make a difference in the world amazes me, that we go the extra mile to act on our words instead of just saying them. I consider myself very qualified and experienced in all aspects of BBYO. I have held numerous board and steering positions, and I take every opportunity I can to make myself a better leader. One thing I pride myself on is going above and beyond on every task that is presented to me. I believe that the quality of our work reflects the quality of our order. I will never forget my first event, how much I loved it, how I left with a feeling of satisfaction and countless memories. If you elect me as your 32nd regional S'gan, I will do whatever is possible to help every one of you leave your BBYO experiences with the same feeling.

Sincerely,

PROGRAMMING

- Have an inter-regional event with NTO, to pave the way for more events in the future and a closer relationship with our lost brothers
- Make the kickoff dance a region-wide event.
- Create a regional league for fantasy basketball and football.
- Plan a regional camping trip during spring break at a Texas state park.
- Organize a regional photography contest (with regional Mazkir), where AZA's and BBG's would submit their best pictures from events.
- Revitalize bro/sis and chapter conventions.
- Create a chapter program of the month award (for cup points).
- Encourage chapters to use a non-board member committee for at least one event.
- Plan and execute AZA stand-up week (with regional Shaliach).

COMMUNICATION

- Call my counterparts once a week. During the calls, I will ask for updates on upcoming programs, and ask if they need any assistance.
- At every counter part meeting, I will introduce a new programming strategy, and describe it in depth.
- I will look at all programs written by my counterparts, and offer ways to improve them.
- Create a personalized plan and set of goals with my counterpart chapter.
- Create a list of preliminary chapter program ideas, to give my counterparts a starting point to build on.
- Create a regional website with the regional Mazkir, where members could give feedback on regional programs.
- Teach counterparts to utilize dashboard, the program bank, and other BBYO resources.
- Create a set of goals for each term with my counterpart chapter.

REGIONAL CONVENTION

- Reorganize regional life, so that no 2 people speak at the same time, and all speakers get the individual attention that they deserve.
- plan a movie night on the last night, where movies would be projected all night, and participants could sleep in the grand pavilion.
- Make sure that day of impact rotations are diverse, addressing multiple issues and involving different kinds of service/awareness.
- Have shotares crack down on talking/disruption during regional elections
- Do a program to promote summer experiences

"In order to succeed, we must first believe that we can"

-Nikos Kazantzakis
