## Goals & Ideas

**N'siah:** keep all board members organized + on track (including myself), help board set + achieve goals for term, always have positive attitude + be a role model, resource for all chapter members to talk to, improve event scheduling around school calendar, more opportunities for girls to be leaders, maintain strong chapter spirit + sisterhood, bi-weekly checklists for each position, updated + shared Google calendar w/ board, set day + time for bi-weekly board calls, board bonding/planning day at beginning of term, parent emails

**S'ganit:** program book resource (each program printed + put in booklet to be passed to next S'ganit and/or programs put online for people to get ideas), "how to create a program" guide for committees, sign up for girls to request to lead a program, plan + host region wide BBGQ event, continue MBA programs, sisterhood game night

**MIT Mom:** parent info night, work on organizing carpools (people who want carpool fill out Google survey, MIT Mom and I arrange carpools + create group chats for each carpool group), bring back and encourage big/little program (themed reveal night, 1-2 other programs throughout term), continue MIT group chat, 1-2 MIT classes during term, give out "convention kits" to all MITs attending convention (sweet note, snacks/gum, etc), MRIHA (especially host part... make all girls feel welcome at each meeting), WOW event, continue sisterhood sleepovers

**Sh'lichah:** choose specific + meaningful stand up cause and plan programs based on it, "Judaism Fact of the Week Chair" (fact put in emails or weekly Katvanit videos), continue community service events, meaningful Havdallah at sisterhood sleepover (similar to how special & meaningful it is at conventions)

**Mazkirah:** re-utilize social media (Instagram, Twitter, Snapchat, etc), create flyers for major events + post them on multiple forms of social media, globalization program (Taste of BBYO, "Travel the World of BBYO with Aviva"), send monthly overview calendar to all chapter members + parents, keep up communication with girls who don't have Facebook (continue Remind 101, at each meeting announce what's next), work with MIT Mom on fun recruitment video

**Gizborit:** continue restaurant benefit nights, product sold at every regional shuk, educate chapter on what ISF is (kahoot or other fun way), bring back design committee, bake sale

**Katvanit:** continue engaging weekly videos, share minutes from business meetings in innovative + fun way so girls who weren't there know what happened, end of term book with written notes from different chapter members about their favorite part of it and pictures

**Mekasheret:** successful + fun connect event, create list of 6-8th grade prospects, make quick video to be shown at beginning of Connect event with chapter members saying why BBYO/Aviva are special to them
