

CHAPTER BOARD HOROSCOPE

Work together to execute all goals that will strengthen the chapter as a whole in all areas.

S'ganit—I would like to work with the S'ganit to include chapter members' input on dates of activities, so the calendar is inclusive of all of our members. I would also want to leave space on the calendar for girls to plan programs they may not have been assigned to.

Mit-Moms—Our Mit intake night is critical to the strength of our chapter. I'd like to help support our Mit-Moms to make our intake activity rotation the best it can be, along with any other activities they come up with.

Sh'lichah—This term we could help everyone explore those opportunities in the community that align with their passions and interests. I would like to help the Sh'lichah in reaching out to foundations such as JSSA, Emily's Entourage, NAMI, or UMTTR for involvement. I'd also like to continue our interactive havdallah's, which many of us found meaningful.

Gizborit—I've also been thinking about an idea for the Gizborit. Since we use a few stores frequently for programs and events, I'd like to see if we can come up with a way that they will give us discounts on supplies. I'd also like to sell wearables at international and regional events, which has brought in lots of money to the chapter in the past.

Katvanit—To help strengthen the chapter, the Katvanit might want to work with the Sunshine Girl to reach those girls who have not been as active as seen on attendance records. I would also encourage a program on ISF for us to better appreciate our religious freedoms.

Mazkirah—I would like to encourage and work with the Mazkirah to make our website more engaging and fun to use.

Safrani(ot)—The Garfie Grapevine can be a great way to keep us engaged, and I would like to work with the safrani to keep the publication on a regular schedule and to include more of our member's ideas for themes and submissions.

Sunshine Girl—I would like to help guide this girl, if she would like and help her recognize her importance in keeping our members coming back, and reaching out to those who may not be as active.

Parliamentarian—It's human nature for teen girls to talk. Let's incorporate our discussions into our activities and programs while using fun incentives to keep down the rowdiness. If the Parliamentarian(s) are not comfortable asking older members to simmer down, I will help them build confidence.

Butt Muncher—To help our Ahavah chapter spirit spread beyond our room, I'll work with the Butt Muncher(s) to get the whole chapter spirited and use the spirit to unite us.

Madrichah—Make sure she remains active and involved in the chapter's success... NEVER HESITATE to call her for help.

N'siah Horoscope

DEPENDABLE ☆ DETERMINED ☆ LOYAL ☆ ENCOURAGING

- ♈ Challenge board to try to bring something new for their position
- ♊ Fund members to attend conventions
- ♈ Make kickoff a weekend full of interactive, fun events, not just a sleepover (include maybe a paint war, and disney shabbat)
- ♈ Have Ahavah spirit week to push recruitment on social media by advertising the love in Ahavah on Instagram, Twitter, Facebook
- ♊ Continue taking suggestions for meeting themes
- ♊ Board Kid-nap (legal to drive others)
- ♊ Pen Pal system with another chapter in BBYO for feedback and ideas for Ahavah and our members
- ♊ Bring back Rachel Smith Memorial Dog Walk
- ♊ Guide board members and help them execute their goals and ideas throughout the term

Erica Michelle Slater is Caucused for Ahavah BBG's Spring term n'siah

My Sister B'Nai B'rith Girls,

Our chapter, Ahavah, is associated with the year of the pig, its founding in 1983. Pigs have frequent dinner parties and social activities. Does that sound like us? They are diligent, sympathetic, and generous. To me, that sounds like us. 2015 is the year of the sheep, which is our future. It's about being creative, determined, and compassionate, and it says we can be better. Now that I have had experiences both on and off board, I would like an opportunity to serve in a role that I believe is the most effective position to give back. I would like to bring together the chapter to execute this idea of creativity, determination and compassion. Let's use what we have discussed, and seen in videos and like our horoscope says, be creative. We can place our creativity into collectively coming up with crazy themes for the Safranot, as well as the Mazkirah for potential interactive activities on our chapter website. Creativity amongst the members can come about in programs and community service. We can place our zodiacs destiny of determination into thriving as a chapter. As an ox I am determined to make this term unforgettable. Let's start out with a weekend full of activities for kickoff, not just a sleepover.

We can have a paint war, we can do a Disney themed Shabbat, but I would like to hear your ideas. I would like to continue with taking suggestions for meeting themes. I want to encourage more chapter hangouts and inter-grade bonding. Let's have ahavah spirit week on social media to reinforce that the sisterhood we have in this room really is something amazing to be a part of. This isn't about me, it is about us, Ahavah. Join with me. Let's look to our future as zodiac sheep, a term full of creativity, determination, and compassion towards one another. Join with me as pigs, and lets bring in the year of the sheep.

With undying love for Ahavah BBG #2289 and each and every one of you
 I forever remain

Erica Michelle Slater
