- ✂ NSLC (National Student Leadership Conference, Seattle, Washington)- Summer of 2016*

Key:

^Denotes for a lifetime

*Denotes future attendance/participation

The Big Idea:

Bringing the focus back from the region to the CHAPTERS

A change of vibe, a major shift. Let's change the board up a bit and bring the region TOGETHER, not apart

Help inspire members of chapters to excel and to aspire to serve on the regional board. To create, together, a stronger and ever unified whole

Transparency-where's all the money going??

Programming is central to BBYO's attraction. The more effectively money is spent, the more BBYO catches the attention of new members. Members NEED to know how it's spent to maintain trust between the region and the chapters

A shift in philosophy: WE work for YOU, not the other way around

While regional board members may sit "at the top," their power is ednowed by YOU. The regional board serves no lasting purpose if it is not responsive to our chapters and their real needs and concerns. I want to convey, always, what you know, believe, and hold dear

Quotas forced down your throats? Let's HELP you achieve those goals

Standards serve no function if they are simply thrown upon the chapters. The regional board needs to provide more hands on help to chapters in order to achieve the goals they set

Along with all the above, where my passion truly lies, I intend to serve the chapters with dedication to less dramatic, but equally important supportive functions, such as training the boards, keeping constant communication with the boards, office, and parents, overseeing the regional board, and attending individual chapters' events.

Fraternally submitted with undying love for Evan Shapiro AZA #313, Michigan Region #1701, The Grand Order of the Aleph Zadik Aleph, and a bright future to come, I remain,

Aleph Jacob Avraham Edelson
