International Programs:

- CLTC 5 (2016)
- ILTC (2017)
- International Convention (2018)

WHO AM I? DEDICATED HARDWORKING PASSIONATE FUN TRUSTWORTHY

Inspire Leaders Now, Grow Our Region Later

Support the Chapters

Motivating Through Good Communicating

As Regional Board, we need to constantly promote chapter programs. For example, the Regional Board can send out its own weekly emails to advertise chapter fundraisers & events. If we help chapters by promoting their events, they will get higher attendance.

Diversifying Our Leadership

In order for our region to grow, we need to focus on growing leaders in the chapters. We can do this by having 5 fold committees and AIT Boards in chapters. This will create dedicated members who are more likely to run for board in the future.

Planning Strong Recruitment Programs

It is one thing to train new members into leaders. But you need to recruit them first. We need to work with the chapters to help them plan strong programs to recruit new members. These members that join will be super excited and ready to get involved in the chapter.

Building Counterpart Communities

There is often a disconnect between Regional Board members & their chapter counterparts. Communication between your counterparts sets the tone. Regional officers need to work together with their counterparts to keep them motivated the whole year.

Spreading Our International Impact

We need to spread the impact of Michigan Region in the International Order. How fun would it be to spend Global Shabbat in Chicago with Great Midwest BBYO? Teens want innovative programming that extends beyond our own doors.

My Brother Alephs,

*AZA is and will forever be my passion. I have found myself here. I never would have grown into the man I am today if it wasn't for the Aleph Zadik Aleph. But it has come to my attention that many of the new Alephs joining our movement are not getting the same experience that I got. These Alephs are full of potential. If these new Alephs are not recognized or given leadership opportunities, then they will never grow into the powerful leaders of the future. We have the chance to inspire countless young Alephs so that our Region will thrive in the future. We are the leaders who can do this. We are the group that will lead Michigan Region to new heights.
So are you with me?*

*Fraternally submitted with undying love for Evan Shapiro AZA #313, Michigan Region #1701,
The Grand Order of the Aleph Zadik Aleph, and all of you, I remain,*

Aleph Benjamin Mark Moss
