- ❖ School Musical and Play: 2013, 2014

## **Dear Alephs of LOR,**

Our AZA brotherhood is a unique one. We have Alephs who lead the region and chapters, Alephs who bring more people in, and Alephs who are there to enjoy themselves and have an awesome AZA experience. Every Aleph in our region is equally important. Every Aleph serves a role in bettering our region. Every Aleph in LOR makes up our team, and when our team is strong, we can accomplish so much.

LOR has had a wildly successful year thanks to great leadership and passionate members. As a team, we scored so many goals. We have been given a region with so much potential. As the New Year approaches, we need to continue our success. I have been an Aleph since 2011 and have had the honour of spending these 3 years with my teammates, my best friends, and my brother Alephs, and I want to make this region the best it can be for all of you. I'm aspiring to be your team captain, your Regional Aleph Godol. The puck is on our stick. Let's take a shot.

Fraternally submitted with undying love for hockey, Magen AZA #2360, Lake Ontario Region, and every single Aleph,

I remain Aleph Billy Max Cohen

WAYNE GRETZKY #99**

# NEXT SEASON

## TEAMWORK:

Getting regular members more involved in regional affairs are a sure way to ensure continued success and future leadership in the region. By creating more opportunities for leadership outside of chairs such as program steering and chair committees, we can involve members looking for any level of leadership.

## ROAD GAMES: (Globalization)

It is extremely important for LOR to remain involved on the international level. We can do this by keeping up our partnership with ECR, and creating new partnerships with nearby regions, such as Michigan or ONR. We can create bonds with Red River and Northwest Canada Regions, the other two Canadian regions. Maybe we can even hold a CANADA WIDE convention or a Kallah. We can hold regional programs based on globalization in which each chapter is assigned a country in BBYO International. Keeping on top of our game internationally will allow Alephs in LOR to create bonds with other Alephs and BBGs worldwide.

## ASSISTS: (Chapter Building)

The foundations of the Aleph Zadik Aleph start with the chapters, and that is why it is so important to help the individual chapter grow and thrive. By discussing chapter affairs with regular members will not only allow the regional board to get a sense of a chapter's strengths and weaknesses, but it can help chapter members become more involved. We can implement good chapter initiatives by holding Godolim meetings and by attending every chapter's events.

## STATISTICS:

### (ACCOMPLISHMENTS)

- ❖ Coordinated majority of Magen programs in 2012-2013, and many in 2013-14.
- ❖ Created a cousin chapter relationship for Magen with Aliyah BBG #1208 in Michigan Region.
- ❖ Coordinated TWO AIT Nights.
- ❖ Encouraged numerous Alephs to run for board.
- ❖ HELD A MAGEN SPEAKUP INITIATIVE WITH MP MARK ADLER.
- ❖ Designed Magen's Internationally famous AZA snapbacks and sold them out at IC.
- ❖ DRAFTED MAGEN'S FIRST EVER CHAPTER CONSTITUTION
