Imagine your favorite cereal. How does it make you feel? Comfortable. Homey. Happy. Fulfilled. A strong program should leave you feeling the same way. Meaningful programming is vital for a chapter or region's success. If elected, I will make it my priority to work with my chapter counterparts to have meaning behind every program. By working closely with these counterparts, I hope to inspire them to get their members to attend chapter and regional functions. Additionally, my goal will be to strengthen brotherhood and sisterhood between chapters at every regional, and chapter, event. I hope to grow our region closer together and demonstrate our pride in who we are and what we represent. I want to improve our region's programming and strengthen our relationships within the BBYO community.

Submitted with so much undying love for Michigan Region #1701, Special A cereal, programming, CLTC 7, trusting the process, Aliyah BBG #1208, and each and every one of you, I remain,

Ali Sydney Randel
