My Brother Alephs,

In Hebrew grammar, an Aleph makes no sound unless acted upon. An Aleph has no good use unless something else pushes it for a purpose and for greatness. But our Grand Order is made up of so much more than just soundless symbols. We push ourselves for greatness. We work hard and have fun while doing it. We Alephs are intelligent, gifted, gamechangers with strong and fearless intentions. We work for our Region and for our chapters because we want our own to achieve greatness. We've been changing the game with Jewry for 93 years and I have the full intention of continuing this venture of ours. I'm just asking you for the chance.

I remain,

Aleph Paul Boaz Siegel Nadiv

\*Denotes Will Be Attending/Pending ^Denotes Coordinated

### **Leading Services**

I've attended Hillel Day School and I am currently enrolled at The Frankel Jewish Academy. I know all the BBYO special tunes because I have attended a summer program (CLTC) and will be attending ILTC and Kallah this summer. I also know how to play the guitar and am fully capable of learning all the chords needed to play all the prayers during services as well as during Havdalah. I also want to work to teach these songs to our AIT's.

### **Counterparts**

While holding this position, I will remain in constant communication with my counterparts on the chapter level for the good of their chapters and for the region. I will maintain a bi-weekly phone call with each of my counterparts at a time that is mutually convenient for both parties. I will also schedule monthly group meetings that are both fun and helpful for the Shlichim on their chapter boards. I also will work with Jack Rosenblum (The Grand Aleph Shaliach) to ensure that our region is leading our order in both Social Action and Judaism.

## **Goals And Ideas** **For The Year**

### **Global Shabbat**

This past Global Shabbat I assisted my chapter's Shaliach by leading an assigned group as well as leading services during Friday night. This coming Global Shabbat, I want every member of every chapter to be immersed in the program. Chapters which don't function together will be paired up so that our Region can continue to grow and be connected while striving for greatness.

### **Stand Up / Speak Up**

For the Regional Stand Up Cause this year, I had a couple of ideas such as: Veteran's Affairs, Health and Wellness, and Education. In this position, I will work with each chapter and confirm their Stand Up Cause by the end of September. I also want to implement a Speak Up initiative in which we will donate money to the FIDF as well as working with local organizations that are connected to Israel.

### **Kallah**

This coming summer, I will be attending International Kallah where hundreds of our organization's best will be learning about our Self Jewry. I also attended Regional Kallah this past March. For next year's Regional Kallah, I want to try to change things up a bit. I want to introduce Michigan Region's first ever inter-regional Kallah. Ohio Northern Region is really not that far away, and it's because of this that I want collaborate with their Regional Shlichim to create a Regional Convention that is both fun and influential.

### **J-Serve**

This past year I served on the J-Serve Teen Committee representing BBYO. This year, I plan to make BBYO a moving force in this program.

### **International Service Fund (ISF)**

This upcoming year I have the full intention of working alongside our elected Regional Aleph Gizbor to ensure that our Region is one of our order's leaders in fundraising for the International Service Fund.
