"Life isn't about finding pieces of a puzzle. It's about creating and putting those exceptional pieces together" - Glenn Van Dekken

## MY SISTER B'NAI B'RITH GIRLS,

Passion. Drive. Motivation. Enthusiasm. Resilience.

These are some of the core values and abilities BBYO has given me, along with friendships, memories, experiences, and sisters that help me be the person I am today. I wouldn't have found any of this without the program.

Programming is the base, the foundation to all the memories and the experiences- the table the puzzle goes on. Each piece of the puzzle being all the reasons why we come back. I want to help you put the pieces together. I want to inspire the programmers of tomorrow and give them memories and pieces worth creating. My sisters, alone we are only ourselves, together we are the B'nai B'rith Girls of South Jersey Region. Almost 300 strong, together, we are unstoppable. Together, let's put the pieces together and shed a light like no one in this order has seen.

Submitted with undying love for South Jersey Region B'nai B'rith Girls putting the pieces together,  
I Forever remain,

Proud Candidate for your 57<sup>th</sup> Regional S'ganit
