## My Sister B'nai Brith Girls,

The puzzle that is Rocky Mountain Region is based around programs, because that is where BBG happens. They set the stage for inspiration, motivation, and conversation. Think about that first program that got you hooked on this amazing movement. Every program has the potential to light someone's BBG flame, and every girl has the potential to plan that program. We are the pieces to the RMR puzzle. The pieces to create more unique and engaging programs, the pieces to individualizing every B'nai Brith Girls' journey in RMR, and the pieces to be a driving force behind our movement. Through our achievements, goals, ideas, and programming, RMR has had a prosperous 60 years, but the prosperity does not end here. It begins with ALL of us on the chapter and regional level. Without one piece, we are incomplete. It's time to start increasing member involvement in programming. It's time to step outside of our boundaries and plan programs that are out of this world. It's time to bring our individual pieces together and complete the picture.

Submitted with undying love to Tikvah BBG #2550, RMR #25, CLTC I 2014, completing the puzzle, and bringing our pieces together, I remain,
