My Brother Alephs,

This is it. This is the pivotal moment in our Region's history where we elect our future. Lonestar has already gained so much momentum and has gone places we never thought were possible. Just look around the room. This room is home to the largest gathering of Lonestar AZA in history. Left and right, the chapters of our region are nearing humongous milestones. We have pulled a large range of eyes towards us and they're all waiting to see what we do next. Gentlemen, Lonestar is turning the corner on its 30th year of existence and what comes next is the chapter we write ourselves. This is the chapter in our region's history full of successes. We are the ones who can ignite this flame of momentum. With connections to our traditions and our brotherhood, we can be the generation that makes a difference.

I'm ready to be the change, are you?

My Heart and Home of Randy Reisbord AZA
