

Goals and Ideas

Counterpart Communication

- weekly emails
- s'ganiot bonding at the beginning of the term
- create a GroupMe for counterparts to always be in touch with each other
- encourage 6 fold and out of the basement programming
- meet with N'siot and S'ganiot of each chapter to plan a more organized calendar
- monthly conference calls to keep on track
- review PPFs within 24 hours of when they were sent in to me
- create goal lists with each of the S'ganim at Chapter XX and have them each achieve each goal by the end of the term
- friendly competitions between each chapter for best feedback on programming

Program Planning Process

- create a new Program Planning Form that utilizes all the information necessary to planning a great program-more than just the basics
- PPFs will be due 4 weeks in advance to achieve maximum attendance at programs
- reflections filled out by every planning participant of a program
- online surveys sent out in weekly chapter emails after each program to see what worked and didn't work from a member perspective
- be strict with deadlines-must be on time or no program

6 Fold Programming

- Sisterhood* -Council Big/Little Sisters to encourage meeting people in other chapters -Council MBA Sisterhood Overnight
- Creativity* -Programs with things to take-away that we make as part of the programming -More candles (the best part of BBG)
- Recreation* -Have at least one BBGG program each term -Encourage BBGG programming for each S'ganiot
- Jewish Heritage* -Shul of the Month programming
- teach Israeli dancing at conventions
- Social Action* -Incorporate world issues into programs to educate -hold programming with other local Youth Groups
- Community Service* -hold at least two community service projects each term -collect canned goods at all council and chapter programs

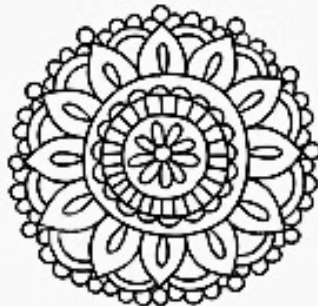

Council Programming

Sweetheart/Heartthrob Dance 2015

- send out surveys at least two months in advance on what theme the council wants and what food the council wants to have there
- create a new presentation of the sweethearts and heartthrobs
- have a council-wide competition to see who's outfit can fit the theme best
- BBG Spirit Day*
- bring back BBG Spirit Day to create more council bonds
- have an overall theme that each chapter tailors their own outfit to
- mandatory chapter sleepover the night before for more chapter bonding
- each S'ganit must plan one competition program for BBG Spirit Day
- incorporate StandUP causes into BBG Spirit Day programming to learn more about each chapter

RC 2015

- work with regional S'ganim at NREtreat to create a theme so that we have more time to make programs that tie in
- create different committees for RC steering with a more selective process to produce higher quality programming
- more organized point scoring with updates every meal so each chapter knows what they need to go farther
- hold registration competitions throughout the region based on percent of chapter-not on numbers, chapters will be given points towards spirit for higher registration

Council Board Collaboration

- N'siah* -Make sure that all chapter N'siot and S'ganiot have a strong bond through leading by example
- MIT Mom* -create programming that helps new members learn the ropes of BBYO
- Sh'licha* -hold another council Shabbat with amazing programming to go with the service
- Mazkirah* -create promo videos for every council program
- Gizborit* -create programs before or after largescale fundraisers
- Saphranit*
- make sure pictures are taken at every single council program and meeting so that everyone has a memory of all the fun they have in NoVA BBG

As Your Council S'ganit I will Strive to...

- respond to all emails, calls, and texts within 24 hours
- be there for anyone in the council whenever they need anything in or out of BBYO
- create interesting and new programming that people will want to take home to their chapters
- keep each chapter S'ganim on track with their programming so that each program is as successful as can be

I Forever Remain,

Submitted with Undying Love for dreaming out loud, CLTC 5 2013, Impact: Chicago 2013, the Spiciest Tamales of Lahat BBG #0339, and my favorite NOVA Council BBGs,

NOVA Council has been my heart and home ever since I joined BBG in 2011. Falling in love with the friends I made and the fun I had was all through the programs I was at. Whether it was my first Sweetheart/Heartthrob dance, or my first BBG Spirit Day, I went for my friends, but stayed for the programming. However, we are starting to lose our potential *But potential exists in possibility, and we have a lot of possibilities to be achieved.* My dream of NOVA becoming the best it can be will happen by starting on the chapter level. I promise to do my best to make sure each chapter will have the best programming it's seen in years.
