My Brother Alephs,

14.5 million. Today there are 14.5 million Jews in the world; that is just 0.2% of the world. The 19,000 members in BBYO make up just about .0013% of the Jewish population. Our numbers might be small, but our voices are not. Together we can speak so loudly that we can reach our hand from Wisconsin all the way to the Great Western Wall in Jerusalem. We can not do this alone, we do this together as a body of not just Wisconsin Region, but we do this as one, united BBYO family. Our numbers may be small, but our voice is infinite and our arms are linked together all the way around the world.

"Something special is happening – and it's not happening because of a couple of lucky bounces. It's happening because my guys are for real."
