Ideas for Mountain Region

Each Chapter is Unique

**Different strategies to help
different chapters accomplish
different goals**

**Communication catered to
each individual S'gan, fewer
large releases, more person
to person communication**

Promoting Inter-Regional Relations

**An international event with regions in the
surrounding area, stressing the large scale
reach that BBYO**

has

**A counterpart outreach system pairing
chapter S'ganim with S'ganim from other
regions who have dealt with similar issues**

Strong Regional Programming

**Regional event planning that involves
input from every chapter S'gan in the
region.**

Place a greater emphasis on programs

to increase regional fraternity.
