

# GOALS AND IDEAS

## Programming:

- Work closely with girls planning the programs to insure a fun meaningful program
- A good balance of serious and fun programs throughout the term
- Multi-Chapter Programs
  - Have programs with Melech, Besheret, and other chapters
  - Have out of the basement programs with other chapters
  - Program with chapters we don't know as well or haven't programmed with before
- Incorporating the Folds
  - Require girls to use at least 2 folds in their programs
  - Make sure that every fold has a few programs dedicated to it throughout the term
  - Rotate folds so that there is constant variety
- Include Out of the Basement Programming
  - Utilize out location to do programs in DC
  - Visit local museums
  - Bowling, Mini Golf, and other recreational out of the basement programs

## Chairs:

- Revamp the Chair System
- Go beyond chairs that just help a board member, and make chairs to help with specific things (ex. Sisterhood sleepover Chair, MBA Program Chair)
- Have meetings with board members before the term begins to see what Chair positions would best benefit them and the chapter
- Have a chair meeting with all the chairs and board
- Have individual chair meetings with myself, board members, and their chairs to discuss goals and work distribution
- Have nominations for board in addition to applications
- Insure that the Chair system is effective throughout the term

## Communication and Organization:

- Comms:
  - Fun and informative
  - Bring back member achievements in comms
  - Continue with the hidden song of the week
  - Make sure comms are always sent out on time
  - Include fun games, banana facts, recipes, and assorted activities in comms
- Program Planning
  - Make sure board members advertise programs relating to their positions
  - Send out a programming guide to chapter members
  - Implement new policy that every board member has to plan one program with a non-board member this term
  - Work closely with members planning programs
  - Update Dashboard
  - Utilize the programming bank
  - Make sure girls are helping to advertise for all programs
- Rush
  - Effective advertisement so that we have great attendance (promo video, facebook event)
  - Have a rush committee help plan
  - 6 fold program
- N'siah
  - Constant Communication
  - Finish calendar early in the term to that effective planning may take place
  - Help with anything needed

**MY SISTER B-NAI BRITH GIRLS**

Once upon a time there was a chapter of beautiful dedicated BBG sisters. But there girls were so much more. Each BBG sister had the capacity to be whatever they wanted to be. Every sister has a BBG story, and this term is about writing it however you so desire. If you want to be a chair, if you want to plan a program, if you want to become more involved in any way- this is your time. Time you write your BBG story.

With Undying love for stories, unwritten, happily ever after, books, sisterhood, programming, chairs, and the inspiring girls of Beth Kadima BBG #639

I forever remain Aviva Yonah Collazo Braier
