

# My Sister B'nai B'rith Girls,

like dory and nemo, we have that motivation to just keep swimming through our BBYO careers. through thick and thin, we will all just keep swimming and that is how lonestar has become one of the **strongest and biggest** regions in the international order. this has been done because all of you.

this year, we will work to make the already amazing programming in the chapters, and on a regional level even better. also, we will have the biggest and best regionals yet. this year, we will make sure to keep a lonestar legacy like no other with all the amazing programs that will be planned by all of you. this will all happen if we just keep swimming.

respectfully submitted with undying love for,  
nemo and dory, the lovely cougars of william s. malev BBG, lonestar region, and everyone single one of you

i remain,
