As a chapter, we need to support each other at all times. Remember, we are all running this chapter together, and each and every girl is needed for this chapter to run smoothly. If elected, I need you girls to guide me in the right direction, and speak up, tell me what you want your next programming year to be like. This chapter is here for all of us, and we need to keep that tradition living. All Ruach BBG's jump on the yellow brick road with me to a successful 2010-2011 programming year. Together we can find our way to another amazing programming year in Ruach BBG #83.

With undying love for programming unique functions, having an amazing upcoming programming year, the Wizard of Oz, and each and every Ruach BBG,

I Remain,

Hayley Nicole Siegel
