My Sweet B'nai B'rith Girls,

Throughout this programming year, I have truly fallen in love with Kulanu BBG #419, and every single girl who I am lucky enough to call my sister. I never thought that I would be able to form a bond with girls that I did not know, but who now these same girls mean the world to me. Kulanu has taught me so much about myself and about life. To think that I have the opportunity to guide and lead each and every one of you through countless adventures this programming year is the biggest honor I could ever ask for. I have the passion, determination, devotion, and ability to be the tenth N'siah of this amazing chapter. All I need is the support from my fellow players. I will not let you down. With me leading the way, we will form bonds and make memories that Anita P dreamt of when she started this sweet organization. This chapter has so much potential to do amazing things, we just need to step off of the path every so often and do it. As you enter Kulanu Land, remember, it's normal for the candy to taste better than Spooey. And that feeling you're getting, well it's supposed to feel better than the BBG feeling we all love. Embrace every second we have together, as sisters, down the path of Kulanu Land.
