

My sister B'nai B'rith Girls of Halev BBG,
Think about the last time you ate sushi.. Was it
filled with a variety of different foods or just
plain and simple?

No matter the ingredients that were filled inside
your roll, held together by the seaweed and rice,
it filled you up and you kept reaching for more.

As your 2018 fall term S'ganit, I will provide you
with the same experience that I just described to
you on every Wednesday. I truly believe if you
elect me as your S'ganit, you will leave
Wednesday nights craving for more. In order to
make this occur, I need each of your inputs, so
roll with me and let's make this happen!

Submitted with undying love for Halev BBG #2362,
Gold Coast Region #51, sushi, and all of you,

I forever remain, Emily Diane Starr
