I have experience in all three folds. I have led services for my Hebrew school many times and led them for special teen programs at Adat Shalom and lead services at Bittker. I attend services often. Over the last 3 years I have done more than 325 hours of community service for more than 15 organizations and continue to volunteer at many places. Additionally, I have attended social action functions, further qualifying, myself for this position.

My sister N'siah, my sister B'nai B'rith girls, with so much undying love for community service, social action, Jewish heritage, the position of Sh'lichah, and Ruach BBG #83.

I proudly remain,

Lexie Drew Sittsamer
