My sister B'nai B'rith Girls,

"Obstacles are things a person sees when she takes her eyes off her goal." When you set your mind to something, whether entering the Olympics and obtaining the gold or joining BBG and becoming a member of an amazing youth organization, you are setting goals. In order to achieve the gold, you need to push past obstacles and keep focused on your goal. Together, we can go for the gold and make Michigan Region the champion of the BBG Olympics.

With much love and dedication for the B'nai B'rith Girls,

Stacy-Michelle Lipson
